

# The New Standard for Cross-Border Transactions

Save time and money with tailored services, personalized support, and transparent pricing, built on cutting-edge technology.

Do it all with Transfer Vault

## Why Choose Us?

### Collect, convert and send funds across 140+ countries

Collect funds and pay suppliers, partners and employees in the currency of your choice, from major to emerging markets.

### Access To Cutting-Edge Technology

Step into the future of currency payments with our cutting-edge platform. Safe, easy-to-use and powerful by design.

### Dedicated Account Manager

No matter your size or transaction volume, you get a dedicated account manager that looks after your business and trades.

### Track Payments In Real Time

The Transfer Vault payment tracker tool lets you track any payment end-to-end, in real time, and share payment status updates with your beneficiaries.

### Manage Foreign Exchange Risks

Manage your exposure to exchange rate fluctuations. Protect your margins and improve your budget forecasting.

### Transparent Pricing And Competitive Rates

No hidden fees or transaction charges, no account opening fees and no monthly subscription fees.

## What SMEs Say About Us

When it comes to multicurrency transfers, Transfer vault has spared me so much stress. Now I can see just how much my beneficiaries will receive ahead of time, as well as the fees charged for each transaction. I receive SWIFT transfer confirmations within 30 minutes and there's always an account manager at hand, ready to answer my questions.

**Anne-Claire Colomb, CFO Blisce**

A Partner You Can Trust
